Award 2024

Dishwashing Liquid Calendula

Nourishing, spagyric Calendula essence and purely vegetable surfactants which are especially gentle to your skin, economical and effective. Vegan.

□ Ingredients: sugar surfactant, fatty alcohol sulphate, vegetable alcohol (ethanol), essence of Calendula officinalis*, common salt, citrate, natural essential oils of sweet orange* (contains limonene*) and bergamot* (contains limonene* and linalool*), balsamic additives*, swirled water

*certified organically grown / collection from wild-growing plants
□ Available: 120 ml (sample bottle), 300 ml dispenser, 1 l refill

Dishwashing Liquid Lemon

This is an extremely economical, purely vegetable concentrated liquid for manual dishwashing, which even people with sensitive skin consider being exceptionally gentle to their skin. Vegan.

□ Ingredients: sugar surfactants, fatty alcohol sulphate, vegetable alcohol (ethanol), citrate, common salt, natural essential lemongrass* oil (contains citral*, geraniol*), balsamic additives*, swirled water

*certified organically grown / collection from wild-growing plants
□ Available: 120 ml (sample bottle), 300 ml dispenser, 1 l refill, 5 l, 10 l, 20 l

Tablets for Dishwashers

The main active ingredients of the Sonett Tablets for Dishwashers are sodium carbonate, silicates and the plant-based active washing substance sorbitan sesquioctanoate. They make food left-overs swell, emulsify and dissolve fat. Bleaching oxygen (sodium percarbonate) serves for removing tea and coffee residues from glasses and cups. Citrate and sodium gluconate effectively bind hard water residue in dishwashing water. Fragrance-free and vegan. The ingredients are completely biodegradable as it is the case with all other Sonett products. Important note: Adjust the built-in water softener in your dishwasher to be 8 °dH (German degrees) above your local water hardness. See also Info Sheet Dishwasher Detergent:

www.sonett.eu

□ Ingredients: soda, citrate, sodium percarbonate (oxygen bleach), sorbitan sesquioctanoate, sodium silicate, sodium gluconate, cellulose, balsamic additives*

*certified organically grown / collection from wild-growing plants
□ Available: 2 tablets of 20 g each (sample), packages of 25 tablets of 20 g each, 800 tablets of 20 g each (bulk packaging)

Dishwasher Detergent

Despite being free from enzymes, surfactants and aggressive bleaching agents, it cleans even stubborn dirt with exceptional ease. Vegan. Important note: Adjust the built-in water softener in your dishwasher to be 8 °dH (German degrees) above your local water hardness. See Info Sheet of Dishwasher Detergent: www.sonett.eu

- ☐ Ingredients: silicates, citrate, sodium percarbonate, soda
- ☐ Available: 1.5 kg, 3 kg, 10 kg

Eco Sponge

Made from cellulose, sisal fibres and recycled PET. Leaves no scratches and is washable up to 60 °C. It is also suitable for delicate glasses, stainless steel and lotus-effect surfaces.

- ☐ Ingredients: sponge side: cellulose fibres 100 %; fibre side: 60 % sisal fibres, 40 % recycled PET; adhesive: polyurethane
- ☐ Available: packages of 2 pieces

Clear Rinse

Sulphated castor oil, alcohol and sugar surfactants reduce the surface tension of water, thus helping the water of the last washing cycle to drip off the crockery more easily. Vegan.

- ☐ Ingredients: Sulphated castor oil, vegetable alcohol (ethanol), sugar surfactant, balsamic additives*, swirled water
- *certified organically grown / collection from wild-growing plants
- ☐ Available: 0.5 l, 10 l

Regenerating Salt

Used to regenerate the ion exchanger of the dishwasher. Vegan.

- ☐ Ingredients: Pure crystallized sea salt, without the addition of any anti-caking agent and synthetic colourings
- ☐ Available: 2 kg

Washing with the modular system

3 components:

- 1 Laundry Powder or Laundry Liquid,
- 2 Softener, 3 Bleach Complex

In traditional heavy duty detergents, the detergent, softener and bleaching agent are all mixed into one component. If the components are separate from each other, as is the case with the Sonett modular washing system, the respective detergent may be used in ideal dosage, according to the local water hardness and the degree of soiling – this being the most economical and ecological way of doing your laundry.

40–95 °C (100–200 °F) Concentrated Laundry Powder

Component 1 in modular system

Suitable for all textiles made from cotton, linen, hemp and fabric blends. Not suitable for wool and silk. The main active ingredient of the Sonett Laundry Powder is pure organic vegetable soap. Soap is the cleansing substance coming closest in its properties to man and nature. It chemically reacts with the calcium present in waste water thus auto-disposing of itself. 100 % biodegradable. Fragrance-free and vegan.

- Ingredients: soap from vegetable oils*, soda, silicates, zeolite, fatty alcohol sulphate, clay minerals, balsamic additives*

*certified organically grown / collection from wild-growing plants

- Available: 1.2 kg, 2.4 kg, 10 kg

30–95 °C (85–200 °F) Laundry Liquid Lavender

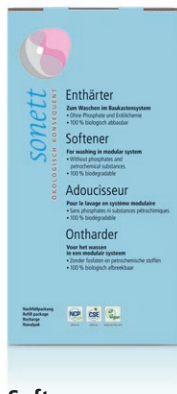

Component 1 in modular system

Suitable for all textiles made from cotton, linen, hemp and fabric blends. Not suitable for wool and silk. Without petrochemical surfactants, no enzymes (GMO). Use Sonett Softener from water hardness hard 14 °dH upwards. Contains organic sunflower oil soap and pure organic essential lavender oil. Vegan.

- Ingredients: soap from rapeseed*/sunflower* oil, sugar surfactants, fatty alcohol sulphate, vegetable alcohol (ethanol), sulphated castor oil, natural essential lavender* oil (contains linalool*), citrate, gurjun balsam, balsamic additives*, swirled water

*certified organically grown / collection from wild-growing plants

- Available: 120 ml (sample bottle), 2 l, 5 l, 10 l, 20 l

Softener

Component 2 in modular system

After determining your local water hardness, add the actual amount of softener needed to the concentrated laundry powder (from water hardness medium upwards) and to the liquid detergent (in case of hard water). In that way the detergent develops its full cleansing power, the natural resources are protected and the water systems need not be unnecessarily abused. Vegan.

- ☐ Ingredients: zeolite, citrate, soda
- ☐ Available: 500 g, 1 kg, 5 kg

Bleach Complex and Stain Remover

Component 3 in modular system

- For bleaching white laundry.
- For removing stains and discolorations from white and colourfast fabrics.
- For brightening yellowed and greyish laundry.

Without any petrochemical bleaching agents. Active in the washing machine from 50 °C (122 °F).

Soaking of laundry overnight possible from 30 °C (86 °F). The most environmental-friendly alternative to the bleaching of laundry in the sunlight. Vegan.

- ☐ Ingredients: sodium percarbonate, soda
- ☐ Available: 450 g, 900 g, 5 kg

20–60 °C (70–140 °F)

Laundry Liquid Color Mint & Lemon

For all coloured textiles. Laundry Liquid Color is suitable for all textiles made from cotton, linen, hemp, microfibers, and fabric blends. Not suitable for wool and silk. It is very effective for low washing temperatures. It gently and thoroughly washes colours and dark garments thanks to organic vegetable oil soaps and sugar surfactants used, and is suitable for all degrees of water hardness. It is unnecessary to add any softener. The Laundry Liquid is made from vegetable oil soaps and essential oils which are 100 % certified organically grown and from collection of wild plants. Vegan.

- ☐ Ingredients: soap from rapeseed*/sunflower* oil, sugar surfactants, citrate, fatty alcohol sulphate, vegetable alcohol (ethanol), sulphated castor oil, essential oils of litsea*, mint*, bitter orange (petitgrain)*, lemongrass* and Swiss pine* (contain citral*, geraniol* limonene*, linalool*), gurjun balsam, balsamic additives*, swirled water

*certified organically grown / collection from wild-growing plants
☐ Available: 120 ml (sample bottle), 1.5 l, 5 l, 10 l, 20 l

20–40 °C (70–100 °F)

Olive Laundry Liquid for Wool and Silk

For delicate laundry, wool and silk up to 40 °C (100 °F) to be used in the washing machine as well as for manual washing. With gently cleansing organic olive oil soap, and the fine fragrance of organic lavender oil. Vegan.

- ☐ Ingredients: soap from olive* and rapeseed* / sunflower* oils, sugar surfactant, vegetable alcohol (ethanol), citrate, natural essential lavender* oil (contains linalool*), balsamic additives*, swirled water
- *certified organically grown / collection from wild-growing plants
- ☐ Available: 120 ml (sample bottle), 1 l, 10 l, 20 l

Laundry Rinse

Much as the “squirt of vinegar in the last rinse”, the Sonett Laundry Rinse helps rinse out detergent residue, smooth fabrics and brighten up the colours. Vegan.

- ☐ Ingredients: pure citric acid in food quality, vegetable alcohol (ethanol), swirled water
- ☐ Available: 1 l, 10 l

Wool Care

For replenishing highly stressed woollen fabrics and for woollen nappy pants. If used regularly, Sonett Wool Care returns to woollen fabrics the wool wax necessary for their proper functioning. With organic olive oil soap, and the fine fragrance of organic lavender oil.

- ☐ Ingredients: wool wax, olive* oil soap, sugar surfactant, cetyl alcohol, vegetable thickening agent, citrate, natural essential lavender* oil (contains linalool*), balsamic additives*, water

- *certified organically grown / collection from wild-growing plants
- ☐ Available: 300 ml

Stain Removal Spray

Containing organic Quillaja, also suitable for delicate textiles of wool and silk. Very effective against fruit, cocoa, ballpoint pen and grease stains. Vegan.

- ☐ Ingredients: sugar surfactants, vegetable alcohol, vegetable glycerine*, Quillaja* extract, citrate, natural essential oils of lavender* and sage* (contain linalool*, limonene*), balsamic additives*, swirled water
- *certified organically grown / collection from wild-growing plants
- ☐ Available: 100 ml spray flask

Liquid Gall Soap

A well-trying liquid stain and spot remover. Helps remove stains and spots caused by grease, fruit, grass, ballpoint pen, and blood, etc. Suitable for all white and colour-fast textiles made from cotton, linen, hemp and fabric blends. On a concealed spot, test garment for colour fastness before washing it. Can be used as a wash intensifier.

□ Ingredients: soap from olive* and rapeseed*/sunflower* oils, sugar surfactant, vegetable alcohol (ethanol), bovine gall, orange-peel oil (contains limonene), essential oil of petit grain* (contains limonene*, linalool* and geraniol*), citrate, balsamic additives*, swirled water

*certified organically grown / collection from wild-growing plants
□ Available: 120 ml, 300 ml

Gall Soap

Traditional stain removing soap, highly effective against stains or spots caused by ballpoint pen, ink, blood, grease, fruit, and so on. Suitable for all white and colour-fast textiles made from cotton, linen, hemp and fabric blends. On a concealed spot, test garment for colour fastness before washing it.

□ Ingredients: soap from palm* and coconut* oils, water, bovine gall, chlorophyll, common salt, sodium thiosulphate

*certified organically grown
□ Available: 100 g

Starch Spray and Ironing Aid

Starches and smoothes all textiles made from cotton, linen, hemp and fabric blends. It makes ironing easier even with dry and crumbled laundry. Your garments stay free from creases, dirt repellent and retain their shapes for a longer period of time. Vegan.

□ Ingredients: vegetable corn-based starch*, sulphated castor oil and soap from olive* oil as ironing lubricant, citrate, vegetable alcohol (ethanol), essential oils of rose geranium* and lavender* (contain citronellol*, geraniol*, linalool*), swirled water

*certified organically grown
□ Available: 0.5 l spray bottle, 1 l refill

Note for people with allergies:

- Purely vegetable surfactants
- Without any petrochemical ingredients
- No fragrances, dyestuffs, complexing agents
- No synthetic preservatives
- No enzymes
- No GMO
- Completely biodegradable
- Full declaration of all ingredients

30–95 °C (85–200 °F) Laundry Liquid sensitive

Component 1 in modular system

Suitable for all textiles made from cotton, linen, hemp and fabric blends. Not suitable for wool and silk. Without petrochemical surfactants, no enzymes (GMO). Use Sonett Softener from water hardness hard 14 °dH upwards. Contains organic sunflower oil soap, fragrance-free and vegan.

☐ Ingredients: soap from rapeseed*/sunflower* oils, sugar surfactant and fatty alcohol sulphate, obtained from vegetable oils, starch and sugar, vegetable alcohol (ethanol), sulphated castor oil, citrate, swirled water

*certified organically grown

☐ Available: 2 l, 10 l, 20 l

20–60 °C (70–140 °F) Laundry Powder Color sensitive

With organic Quillaja for stain removal. Coloured and delicate fabrics made from cotton, linen, hemp, synthetic fibres and fabric blends are washed very efficiently, the laundry powder being gentle on the colours; from as low as 20 °C. Not suitable for wool and silk. Highly concentrated and very economical in its use. With purely vegetable oils from organic cultivation, fragrance-free and vegan.

☐ Ingredients: zeolithe, soap from vegetable oils*, citrate, sugar surfactants, sodium carbonate, silicates, sodium bicarbonate, organic Quillaja*

*certified organically grown

☐ Available: 1.2 kg, 10 kg

20–40 °C (70–100 °F) Olive Laundry Liquid for Wool and Silk sensitive

For delicate laundry, wool and silk up to 40 °C (100 °F) to be used in the washing machine as well as for manual washing. With gently cleansing organic olive oil soap, fragrance-free and vegan.

☐ Ingredients: soap from olive* and rapeseed*/sunflower* oils, sugar surfactant made from vegetable starch, sugar and vegetable oils, vegetable alcohol (ethanol), citrate, swirled water

*certified organically grown

☐ Available: 1 l

NEW

NEW

NEW 20–60 °C (70–140 °F) **Laundry Liquid Color sensitive**

Laundry Liquid Color sensitive is suitable for all textiles made from cotton, linen, hemp, microfibers, and fabric blends. Not suitable for wool and silk. It is very effective for low washing temperatures. It gently and thoroughly washes colours and dark garments thanks to organic vegetable oil soaps and sugar surfactants used, and is suitable for all degrees of water hardness. It is unnecessary to add any softener. Made from vegetable oil soaps which are 100 % certified organically grown. Vegan.

□ Ingredients: soap from rapeseed*/sunflower* oil, sugar surfactants, citrate, fatty alcohol sulphate, vegetable alcohol (ethanol), sulphated castor oil, swirled water

*certified organically grown

□ Available: 1,5 l, 10 l

Dishwashing Liquid / All-Purpose Cleanser sensitive

For manual dishwashing and all-purpose cleaning. Fragrance-free and suitable for many people with allergies. Vegan.

□ Ingredients: sugar surfactant and fatty alcohol sulphate, obtained from vegetable oils, vegetable starch and sugar, vegetable alcohol (ethanol), citrate, common salt, swirled water

□ Available: 0.5l, 10 l

Hand Soap sensitive

Mild liquid soap without fragrances – for hands, face and body. Vegan.

□ Ingredients: soap from olive* and coconut* oils, sugar surfactant, vegetable alcohol (ethanol), vegetable glycerine*, citrate, swirled water

*certified organically grown

□ Available: 300 ml dispenser, 1 l refill

NEW Foam Soap sensitive

Gently cleaning soap with organic vegetable oils. The foam with a pleasant neutral fragrance, straight out of the dispenser, is easy to measure out as needed, therefore being very economical in its use. All of the oils are 100 % certified organically grown. Vegan.

□ Ingredients: soap from olive oil*, soap from coconut oil*, vegetable alcohol (ethanol), sugar surfactant, vegetable glycerine*, spagyric Calendula essence*, citrate, swirled water

*certified organically grown

□ Available: 200 ml foam dispenser, 1 l refill

Surface Disinfectant

A purely vegetable disinfectant in a ready-to-use solution for disinfecting all surfaces, working surfaces and appliances resistant to alcohol. A combination of alcohol with essential oils effectively destroys fungi, yeasts, bacteria such as salmonellae or Escherichia coli and all enveloped viruses such as HBV, HCV, HIV, herpes simplex, noroviruses, coronaviruses, MRSA and ESBL germs as well as all human and animal influenza viruses including H1N1, H5N1.

(Test report proving efficacy available upon request). Vegan.

☐ Ingredients: vegetable alcohol (ethanol) 70 %, essential oils obtained from sage* and lavender* (contains linalool*), water

*certified organically grown

☐ Use Sonett Surface Disinfectant safely. Always read labelling and product information prior to its use.

☐ Available: 0.5 l spray bottle, 1 l refill, 10 l

Hand Disinfectant

Ready-to-use alcoholic solution, purely vegetable, suitable for the hygienic disinfection of your hands. Effective against bacteria, enveloped viruses including influenza viruses, noroviruses and coronaviruses.

BAuA Reg. N° N-43659 (=Federal Inst. For Occupational Safety and Health). VAH Listing. Vegan.

☐ Ingredients: vegetable alcohol (ethanol) 70 %, vegetable glycerine*, essential bergamot* oil (contains limonene* and linalool*), potassium citrate, water

*certified organically grown

☐ Use Sonett Hand Disinfectant safely. Always read labelling and product information prior to its use.

☐ Available: 300 ml dispenser, 1 l refill

sonett

ECOLOGICALLY CONSCIENTIOUS

Sonett is one of the pioneers of ecological laundry detergents and cleaners. Thanks to their excellent quality Sonett products are available in almost every European country. Considering it our responsibility to renaturalize water which has been used for laundry washing and cleaning, we add to our products substances which have been rhythmatised in an oloide mixer, and work with process water that is swirled in twelve egg-shaped glass vessels. All of our raw materials are completely biodegradable and free of synthetic fragrances, dyestuffs and preservatives, they are without any enzymes and petrochemical surfactants, contain no bleaching agents, and neither genetic engineering nor nanotechnology has been used. The oils used for our soaps and all of our essential oils originate 100 % from certified organic cultivation. For further information see:

www.sonett.eu

All of our liquid soaps are made from precious organic olive oil soap. For gentle cleaning of hands, face and entire body.

Hand Soap Citrus

A mild nourishing liquid soap with a fresh fragrance. Vegan.

□ Ingredients: soap from olive* and coconut* oils, sugar surfactant, vegetable alcohol (ethanol), vegetable glycerine*, citrate, essential lemongrass* oil (contains citral*, geraniol*), gurjun balsam, balsamic additives*, swirled water

*certified organically grown / collection from wild-growing plants
□ Available: 300 ml dispenser, 1 l refill, 10 l

Hand Soap Lavender

A mild nourishing liquid soap with the soothing and clear fragrance of pure lavender. Vegan.

□ Ingredients: soap from olive* and coconut* oils, sugar surfactant, vegetable alcohol (ethanol), vegetable glycerine*, citrate, essential lavender* oil (contains linalool*), gurjun balsam, balsamic additives*, swirled water

*certified organically grown / collection from wild-growing plants
□ Available: 300 ml dispenser, 1 l refill, 10 l

Hand Soap Epure, a blend of essential herbal aromatic oils

A combination of seven herbs lends this liquid soap its special spicy aromatic fragrance. Vegan.

□ Ingredients: soap from olive* and coconut* oils, sugar surfactant, vegetable glycerine*, citrate, essential oils of lavender*, mint*, winter savory*, clary sage*, rhododendron*, coriander*, pepper*, gurjun balsam, balsamic additives*, swirled water

*certified organically grown / collection from wild-growing plants
□ Available: 300 ml dispenser, 1 l refill

Hand Soap Rose

A gentle liquid soap with a lovely warm fragrance. Vegan.

□ Ingredients: soap from olive* and coconut* oils, sugar surfactant, vegetable alcohol (ethanol), vegetable glycerine*, citrate, rose water of the Damask rose*, essential oils of palmarosa*, rose geranium*, lavender*, lemongrass* (the essential oils contain geraniol*, limonene*, citronellol*, citral* and linalool*), gurjun balsam, balsamic additives*, swirled water

*certified organically grown / collection from wild-growing plants
□ Available: 300 ml dispenser, 1 l refill, 10 l

Hand Soap Rosemary

Rosemary is a potent invigorating medicinal plant, which thoroughly warms your organs and enhances your concentration. Our Sonett Hand Soap Rosemary makes you wide-awake and is an effective, gentle soap. Vegan.

- ☐ Ingredients: soap from olive* and coconut* oils, sugar surfactant, vegetable alcohol (ethanol), vegetable glycerine*, citrate, essential oils of rosemary*, clary sage*, bergamot*, lavender* and incense* (the essential oils contain limonene* and linalool*), balsamic additives*, swirled water
- *certified organically grown / collection from wild-growing plants
- ☐ Available: 300 ml dispenser, 1 l refill, 10 l

Hand Soap sensitive

Mild liquid soap without fragrances – for hands, face and body. Vegan.

- ☐ Ingredients: soap from olive* and coconut* oils, sugar surfactant, vegetable alcohol (ethanol), vegetable glycerine*, citrate, swirled water
- *certified organically grown
- ☐ Available: 300 ml dispenser, 1 l refill

Hand Soap Calendula

Calendula, also known by the name of marigold, turns its bright tangerine petals towards the sun thus growing and developing anti-inflammatory and cell-regenerating curative effects. Vegan.

- ☐ Ingredients: soap from olive* and coconut* oils, sugar surfactant, vegetable alcohol (ethanol), vegetable glycerine*, spagyric Calendula essence*, citrate, essential oils from Atlas Cedar* and Litsea*, from the fruits of sweet orange* and bitter orange (petitgrain)*, rose geranium* (the essential oils contain citral*, limonene*, linalool*, citronellol*), gurjun balsam, balsamic additives*, swirled water
- *certified organically grown / collection from wild-growing plants
- ☐ Available: 300 ml dispenser, 1 l refill

Curd Soap

Mild inexpensive hand soap made from organic vegetable oils, without any colourings, fragrances, fillers, complexing agents or optical brighteners. Well matured, the soap lasts for a long time. Fragrance-free and vegan.

- ☐ Ingredients: purely vegetable soap from palm* and coconut* oils, water, glycerine*, sodium chloride, sodium thiosulphate
- *certified organically grown
- ☐ Available: 100 g

BioBubbles / Soap Bubbles

A toy for kids and adults to have fun with outdoors. The wonderfully coloured soap bubbles can be blown through rings of three different sizes and have been tested in accordance with CE safety standards. **The first soap bubbles from raw materials in organic quality.**

□ Ingredients: vegetable glycerine*, vegetable alcohol (ethanol)*, sugar surfactant, vegetable thickening agent (xanthan), natural polymer (shellac), swirled water

*certified organically grown

□ Available: 45 ml container with triple blowing ring, 0.5 l refill

Foam Soap Calendula

Soap for gentle cleaning of children's delicate skin. With spagyric Calendula essence. Wonderfully fruity-sweet smelling foam straight from the dispenser makes children enjoy washing their hands. The oils and essential oils are 100 % derived from certified organic cultivation. Very economical in use. Vegan.

□ Ingredients: soap from olive oil*, soap from coconut oil*, vegetable alcohol (ethanol), sugar surfactant, vegetable glycerine*, spagyric Calendula essence*, citrate, essential oils from lemongrass*, sweet orange*, litsea*, silver fir*, ylang-ylang* and lavender*, balsamic additives*, swirled water

*certified organically grown/ collection from wild-growing plants

□ Available: 200 ml foam dispenser, 1 l refill, 10 l

The BioBubbles are displayed in four different colours.

Scouring Fluid

For all those people who prefer a liquid scouring cleanser to the powder cleanser. Especially suitable for fittings, wash basins, glass-ceramic hobs, and stainless steel surfaces. Not suitable for acrylic glass. Vegan.

□ Ingredients: finely-ground limestone from the Swabian Jura, vegetable alcohol (ethanol), sugar surfactant, fatty alcohol sulphate, natural essential oils of lavender* and lemongrass* (contain linalool*, citral*, geraniol*), water

*certified organically grown

□ Available: 0.5l bottle

Scouring Powder

An effective, very economical cleanser for toilets, bath tubs, wash basins, cookers, pots with residues of scorched food, sooty fireplace viewing panels and many more. It cleans without scratching and even removes slight limescale deposit. Not suitable for acrylic glass. Vegan.

□ Ingredients: pumice powder, alumina, soda, vegetable soap*, natural essential oils of sage* and cajuput* (contains limonene*, linalool*), balsamic additives*

*certified organically grown / collection from wild-growing plants

□ Available: 450 g

All-Purpose Cleanser

A highly concentrated gentle, very economical cleaning agent for floors, large window panes, bathroom, kitchen, repair shop, and car. Vegan.

□ Ingredients: sugar surfactant, fatty alcohol sulphate, vegetable alcohol (ethanol), orange-peel oil (contains limonene), natural essential lemon-grass* oil (contains citral*, geraniol*), citrate, common salt, balsamic additives*, swirled water

*certified organically grown / collection from wild-growing plants

□ Available: 0.5l, 10l, 20l

Floor Mopping Fluid

It protects waxed, oiled and varnished floors with a natural wax film and without building up layers. It is suitable for wood, cork, parquet flooring, stone, tiles, linoleum.

□ Ingredients: soap from olive oil*, beeswax, vegetable alcohol (ethanol), sugar surfactants, carnauba wax*, essential cajuput oil*, balsamic additives*, water

*certified organically grown / collection from wild-growing plants

□ Available: 0.5l measuring bottle, 5l refill

Bathroom Cleaner

It rapidly and efficiently removes hard water deposits, grease and dirt from shower stalls, in bathroom and kitchen. Simply spray on, leave on to act for several minutes, and then rinse off with a copious amount of water. Vegan.

□ Ingredients: vegetable alcohol (ethanol), citric acid, sugar surfactant, swirled water

□ Available: 0.5l spray bottle, 1l refill, 10l

Toilet Cleaner Cedar-Citronella

It contains germ-inhibiting oil obtained from conifers which thoroughly removes dirt, urine sediment and limescale deposit. Thanks to its viscous consistency, the Toilet Cleaner adheres well, thus developing its full cleansing power underneath the rim of the toilet bowl as well as on vertical surfaces. Vegan.

□ Ingredients: citric acid, vegetable alcohol (ethanol), sugar surfactant, fatty alcohol sulphate, vegetable thickening agent, natural essential oils of cedar* and citronella* (contain citronellol*, geraniol* and limonene*), balsamic additives*, swirled water

*certified organically grown / collection from wild-growing plants

□ Available: 0.75l, 10l

Toilet Cleaner Mint-Myrtle

With the fragrance of fresh mint and tangy myrtle. The essential oils originate 100 % from certified organic cultivation. Soiling and limescale are efficiently being eliminated thanks to purely vegetable surfactants and the power of citric acid. The product is vegan and completely biodegradable.

□ Ingredients: citric acid, vegetable alcohol (ethanol), sugar surfactant, fatty alcohol sulphate, vegetable thickening agent, natural essential oils of mint* and myrtle* (contains linalool* and limonene*), balsamic additives*, swirled water

*certified organically grown / collection from wild-growing plants

□ Available: 0.75l, 10l

Multi-Surface and Glass Cleaner

Thoroughly cleans everything made from glass and stainless steel without leaving any streaks. Removes fingerprints from metal surfaces. In case of large windows we recommend to work with sponge, squeegee and Sonett All-Purpose Cleanser. Lends your room a lovely fresh fragrance. Vegan.

□ Ingredients: vegetable alcohol (ethanol), sugar surfactant, fatty alcohol sulphate, natural essential oils of lavender* (contains linalool*) and lemongrass* (contains citral*, geraniol*), swirled water

*certified organically grown

□ Available: 0.5 l spray bottle, 1 l refill, 10 l

Decalcifier

Can be used regularly to descale washing machines, dishwashers, coffee makers, kettles, etc.

Highly effective for removing stubborn hard water deposits in toilets, wash basins and fittings.

Fragrance-free and vegan.

□ Ingredients: citric acid in food quality, vegetable alcohol (ethanol), swirled water

□ Available: 1 l, 10 l

Orange Power Cleaner

Highly concentrated and purely vegetable, containing organic orange oil, most suitable for vigorous cleansing and grease removal. It removes stubborn grease and oil from scratch-sensitive surfaces without harming them. Being a multi-purpose cleaner it is ideal for cleaning floors and windows as well as all wipeable waterresistant surfaces. The Orange Power Cleaner is very gentle to your skin. Vegan.

□ Ingredients: sugar surfactant and fatty alcohol sulphate, vegetable alcohol (ethanol), natural orange-peel oil (contains limonene), citrate, essential oils of sweet orange* (contains limonene*), bergamot* (contains limonene*, linalool*), cajuput* (contains limonene*) and citronella* (contains citronellol*, geraniol*), balsamic additives*, swirled water

*certified organically grown /

collection from wild-growing plants

□ Available: 120 ml (sample bottle), 0.5 l, 5 l, 10 l
